In-line **Centrifugal Fans**

# JETFLOW

## IN-LINE CENTRIFUGAL FANS

The Elta Jetflow range of "in-line" centrifugal fans provides the ultimate solution to compact, high performance, ducted fan needs. Installed in any attitude, with a high quality external rotor motor, providing a fit it and forget it maintenance-free solution. Suitable for industrial or domestic needs and for either suction or blowing applications. A range of standard accessories are available, including full speed control. Wall brackets are supplied.
